## CX3300 Current Waveform Analyzer

### Quick Operation Guide

How to view the integral value of a specified area

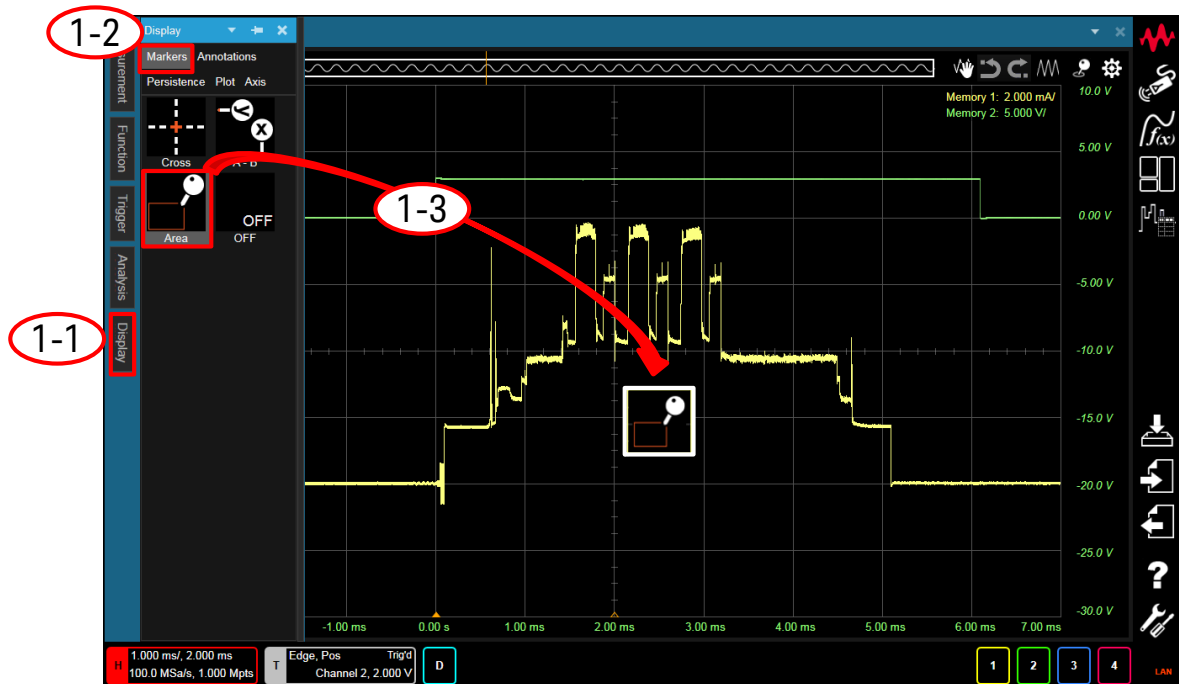

#### 1. Turn the Marker ON.

1-1. Click the “Display” icon on the Tool Palette.

1-2. Select “Markers”.

1-3. Drag and drop the “Area” icon on the Display tool palette onto the specified area on the waveform.

- Click-and-hold the mouse button, and horizontally drag the Start or Stop line over the specified area of interest.
