

Using the Keysight N5442A BNC Adapter

The Keysight N5442A BNC Adapter can be used to connect any 50 Ω Autoprobe device (such as an InfiniiMax I/II probe amplifier or BNC cable) to a 90000-X Series oscilloscope.

Connect one side of the adapter (**A**) to one of the input clutches on a 90000-X Series oscilloscope and connect the other side of the adapter (**B**) to the 50 Ω device.
