## CX3300 Current Waveform Analyzer

### Quick Operation Guide

#### How to zoom in on the waveform

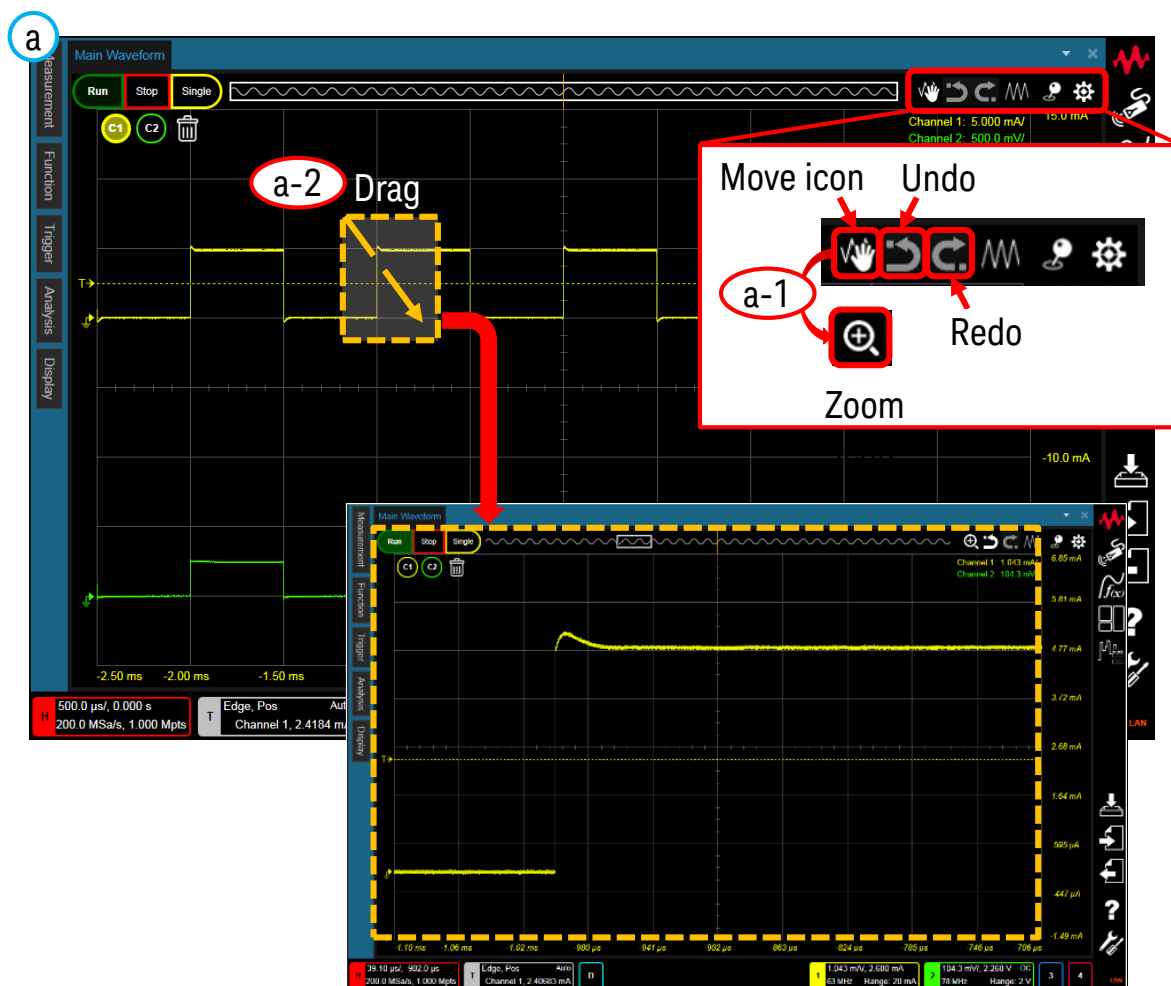

The CX3300 has two kinds of zoom in functions:

- Zoom at single display
- “Anywhere” Zoom.

#### a. Zoom at single display

a-1. Click on the “Move” icon to change the ‘Zoom” icon.

a-2. Drag the cursor until the displayed box covers the area of interest..

Tips: If you want to cancel the zoom, click the Undo icon.

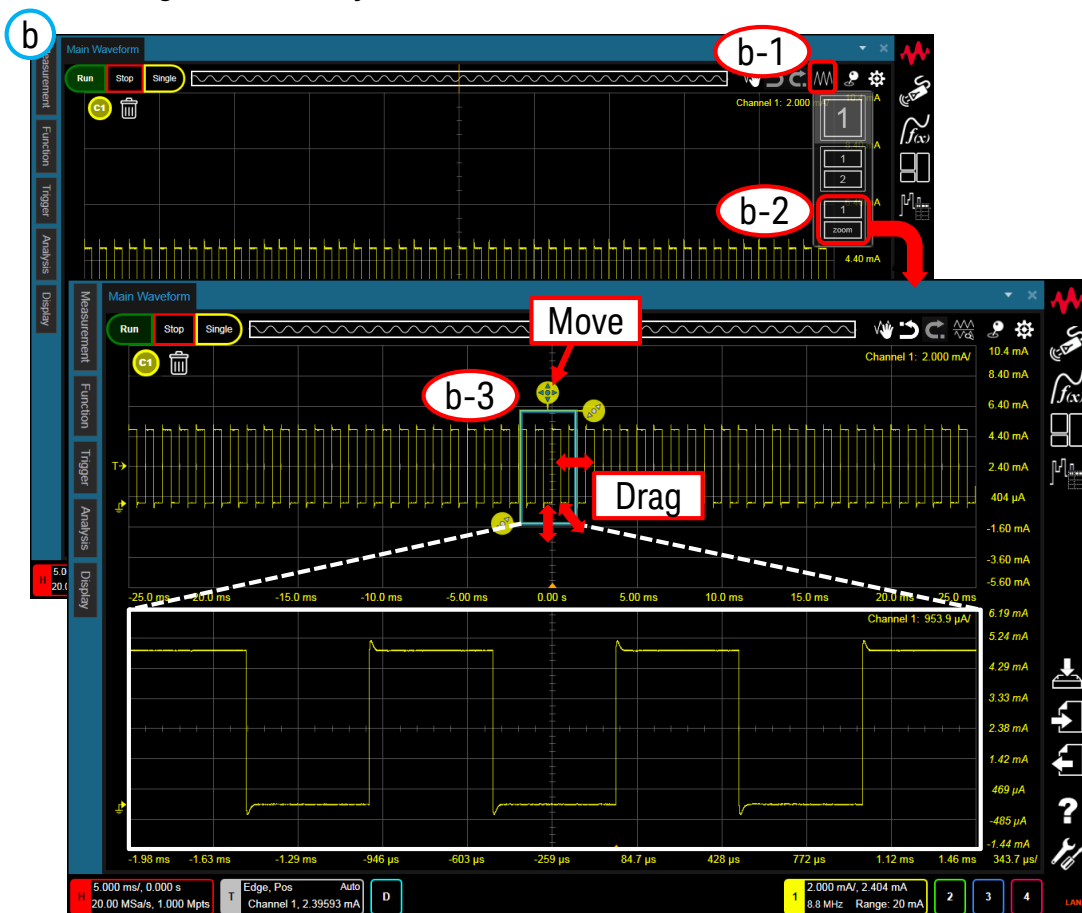

Next page

## b. "Anywhere" Zoom

b-1. Click on the "Waveforms" icon.

b-2. Click on the "1 & zoom" icon.

b-3. Drag the boundary line of the area.

Tips: You can also specify the scale and position on the Axis dialog.
