Keysight CX3300 Series Device Current Waveform Analyzer Firmware

Version 1.1.1631.12302

Released Date:	8 Aug. 2016
File Name:	Keysight.Cx3300.Setup_1.1.1631.12302.exe

New Features

- Support XY zoom when selecting a corner of "Anywhere" zoom. (#471530)

Enhancements

- Improved the performance of displaying a large amount of data. (#459357, #471363)

Bug Fixes

- Fixed: Known Issue of 1.0.1621.18649: Automatic Power and Current Profiler may not work correctly for a waveform measured with a CX1102A. (#478092)

- Fixed: Known Issue of 1.0.1621.18649: The waveform on CX3300 is not displayed occasionally when changing the display mode using an external display. (#469790)

- Fixed: Known Issue of 1.0.1621.18649: After forcing quit the CX3300 firmware for any reasons, power-cycle the CX3300. (#471540)

- Fixed: User calibration doesn't work correctly for two CX1102A configuration (#482475

- Fixed: Automatic Power and Current Profiler occasionally hangs up by file saving (#481068, #481072)

- Fixed: The bandwidth display on the summary bar is not correct for some ranges of CX1102A and CX1103A (#482707)

KEYSIGHT
TECHNOLOGIES

Known Issues

- Sorting of the table of Automatic Power and Current Profiler may not work correctly (#481519, #481689)

Version 1.0.1621.18649

Released Date:	15 June 2016
File Name:	Keysight.Cx3300.Setup_1.0.1621.18649.exe

Initial Release

Known Issues

- Automatic Power and Current Profiler may not work correctly for a waveform measured with a CX1102A. (#478092)

- The file operation such as loading, saving or recording occasionally stops if you attach or detach a current sensor during the file operation. (#471347)

- The waveform on CX3300 is not displayed occasionally when changing the display mode using an external display. (#469790)

- After forcing quit the CX3300 firmware for any reasons, power-cycle the CX3300. (#471540)
