This document describes the Wireless Test Manager applications that are comprised in the Agilent Technologies E6569C Wireless Test Manager Suite. The versions of the individual products vary from suite to suite. Refer to the following table for the version of each individual product supplied with a particular suite.

Wireless Test Manager Application	E6569C Version
<a href="#">E6567C cdma2000/IS-95/AMPS/1xEV-DO</a>	<b>C.02.00</b>
<a href="#">E6568C W-CDMA/GSM/GPRS/EDGE</a>	<b>C.01.00</b>

Refer to the E6567C and E6568C pages for a summary of features, fixes and enhancements provided by each new release or updated version.
