System CPU and Part Numbers	Associated PNA Models	Drives with Windows XP Operating System	Drives with Windows 7 Operating System	Drives with Windows 10 Operating System	Drives with Windows 11 Operating System	Drive Capacity
Version 8.0 Core i3-9100HL W1312-60522 or Y9410A-PC8 (used Aug 2021-Mar 2023, still available)	N524xB, N522xB, N5231B-39B, N5264B	Not supported	Not supported	**N5242-60136** or **Y9410A-SS8** HDD S.42.00 LTSC 1809	Not supported	250 GB / 256 GB
Version 9.0 Core i3-9100HL W1312-60563 or Y9410A-PC9 (used Mar 2023-May 2025, still available)	N524xB, N522xB, N5231B-39B, N5264B	Not supported	Not supported	**N5242-60137** or **Y9410A-SS9** HDD S.42.01 LTSC 1809	**N5242-60138** or **Y9411A-S09** HDD S.42.03 LTSC 2024	512 GB **M.2 form factor**
Version 10.0 Core i3-9100HL W1312-60562 or Y9411A-C10 (used since Oct 2024, fully available)	N524xB, N522xB, N5231B-39B, N5264B (May 2025-Present)	Not supported	Not supported	Not supported	**N5242-60139** or **Y9411A-S10** HDD S.42.04 LTSC 2024	512 GB **M.2 form factor**
	NA5202A, NA5204A, NA5205A (Oct 2024-Present)	Not supported	Not supported	**NA5000-60501** or **Y9410B-S10** HDD S.42.02 LTSC 1809	**NA5000-60502** or **Y9411B-S10** HDD S.42.05 LTSC 2024	512 GB **M.2 form factor**

Notes for Drives:

1. Ordering one of the ten-digit part numbers shown here will get you a fully imaged hard drive containing the Windows operating system and the latest PNA firmware. Order one of these parts if you are replacing an identical drive.

2. The **N898xA** model numbers shown here should only be ordered when upgrading from one operating system to another. The **N8980A/81A/82A**, which are now obsolete, were sold as a Windows 2000 to Windows XP upgrade drive. The **N8983A/84A** are Windows XP to Windows 7 upgrade drives. The **N8985A** is a Windows 7 to Windows 10 upgrade drive. These include a new Windows Certificate of Authenticity sticker and a fully imaged hard drive mounted in a "cradle" with the necessary interface boards. If you are not upgrading the operating system, order the ten-digit part number shown in the table for your CPU board.

3. The 256 GB drive (intro Aug 2020) is partitioned as:- C: 120 GB System; D: 73 GB Userstore; E: 10 GB Datastore; F: 35 GB Recovery

KEYSIGHT

4. The 512 GB version 9 drive (intro Jan 2023) is partitioned as:- C: 180 GB System; D: 246 GB Userstore; E: 15 GB Datastore; F: 35 GB Recovery

5. Keysight will always use the Long-Term Servicing Channel (LTSC) [formerly, Long-Term Servicing Branch (LTSB)] version of Windows 10. Microsoft has released versions 1507, 1607, and 1809 for the LTSC. The version included on each Windows 10 drive is shown in the table above.

6.

| Imaged Drive Part Number / Image Size	Blank Drive Part Number / Raw Capacity
N5242-60132 / 256 GB	W1312-60499 / 480 GB
N5242-60133 / 256 GB	W1312-60499 / 480 GB
N5242-60134 / 256 GB	W1312-60499 / 480 GB
N5242-60135 / 256 GB	W1312-60499 / 480 GB
N5242-60136 / 256 GB	W1312-60499 / 480 GB
N5242-60137 / 512 GB	W1312-60630 / 512 GB
NA5000-60501 / 512 GB	W1312-60631 / 512 GB

Notes for Operating Systems:

1. PNAs were shipped with Windows XP from 2000 to March 2014.
2. PNAs were shipped with Windows 7 from March 2014 to October 2018.
3. PNAs were shipped with Windows 10, LTSC 1607 from November 2018 to July 2021.
4. PNAs have been shipping with Windows 10, LTSC 1809 since August 2021.
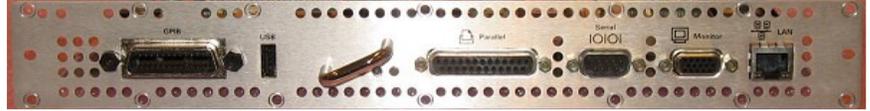

CPU Images and Details:

Version 1.0:
256MB PC66 SDRAM SODIMM in 1 slot. USB 1.0 rear and front.

Version 2.0:
512MB PC100 SDRAM SODIMM in 2 slots. USB 1.0 rear and front.

Version 3.0:
1GB PC2700 DDR SODIMM in 1 slot. USB 2.0 rear; 1.0 front. Device side USB not enabled.

Version 4.0:
2GB PC2700 DDR SODIMM in 2 slots. USB 2.0 rear and front. Device side USB not enabled.

Version 5.0:
4GB PC2-5300S DDR2 SODIMM in 2 slots. USB 2.0 rear and front. Device side USB not enabled.

Version 6.0 and 6.1:
8GB PC3-10600S DDR3 SODIMM in 2 slots. USB 2.0 rear and front. Device side USB not enabled.

Version 7.0:
8GB PC3L-12800S DDR3L SODIMM in 2 slots. USB 2.0 (black) and 3.0 (blue) rear; 2.0 front. Device side USB not enabled.

Version 8.0:
16GB PC4-3200AA DDR4 SODIMM in 2 slots. USB 2.0 (black) and 3.0 (blue) rear; 2.0 front.

Version 9.0 and 10.0:
16GB PC4-3200AA DDR4 SODIMM in 2 slots. USB 3.0 (blue) rear; 2.0 front.
